Transformer Lens API

If browsing the docs for the first time, we recommend initially looking at <u>HookedTransformer</u> and <u>ActivationCache</u> modules.

Contents

- transformer lens
 - Submodules
 - transformer_lens.ActivationCache
 - transformer_lens.FactoredMatrix
 - transformer_lens.HookedEncoder
 - transformer_lens.HookedEncoderDecoder
 - transformer_lens.HookedTransformer
 - transformer_lens.HookedTransformerConfig
 - transformer_lens.SVDInterpreter
 - transformer_lens.evals
 - transformer_lens.head_detector
 - transformer_lens.hook_points
 - transformer_lens.loading_from_pretrained
 - transformer_lens.past_key_value_caching
 - transformer_lens.patching
 - transformer_lens.train
 - transformer_lens.utils
 - Subpackages
 - transformer_lens.components
 - transformer_lens.pretrained
 - transformer lens.utilities
